WhatsApp Template Parameters Documentation

Project: Planora Hub

Date: September 2026

Prepared for: Development Team

Meta status: All 14 templates are Active in WhatsApp Manager.

Overview

This document contains all 14 WhatsApp Business API templates for Planora Hub. Every template below is **Active** in Meta and ready to send, including parameter names, types, descriptions, and sample values.

Note: All templates use named variables in format `{{variable_name}}`. Variables must be lowercase with underscores.

Status: All 14 templates are Active in Meta Business Manager (as of September 2026).

Images: Do not hardcode a header photo in Meta. Pass the event's live cover URL at send time so the header changes per event. Use `cover_image_url` for invites / RSVP / guest-removed / host refund, and `image_url` for ticket templates (matches the email builders). Send it in the WhatsApp **header** component as `type: image` + `image.link`. The URL must be public HTTPS.

Template 1: admin_cancel_host_refund

Utility **Active**

Parameter	Type	Description	Sample Value
{{host_name}}	String (body)	Host's full name	John
{{event_name}}	String (body)	Name of the event	Birthday Celebration
{{amount}}	String (body)	Refund amount with currency	₦5,000
{{refund_reference}}	String (body)	Unique refund reference ID	REF-123456

Header: None (cancellation — no event photo)

Template 2: guest_event_cancelled_admin

Utility **Active**

Parameter	Type	Description	Sample Value
{{guest_name}}	String (body)	Guest's full name	Sarah
{{event_name}}	String (body)	Name of the event	Music Concert
{{host_name}}	String (body)	Host's full name	David
{{reason}}	String (body)	Cancellation reason	Venue unavailable

Header: None (cancellation — no event photo)

Template 3: guest_removed_by_host

Utility **Active**

Parameter	Type	Description	Sample Value
`cover_image_url`	Image URL (header)	This event's cover photo. Pass the live listing image so the header matches the event the guest was removed from.	https://cdn.planorahub.com/events/wedding-reception/cover.jpg
`{{guest_name}}`	String (body)	Guest's full name	Emily
`{{event_name}}`	String (body)	Name of the event	Wedding Reception
`{{event_date}}`	String (body)	Event date and time	Dec 25, 2026 at 6:00 PM
`{{event_venue}}`	String (body)	Event venue/location	Grand Ballroom, Lagos
`{{host_name}}`	String (body)	Host's full name	Michael

Send header as: `components[header].parameters[0].image.link = cover_image_url`

Template 4: host_event_cancelled

Utility **Active**

Parameter	Type	Description	Sample Value
`{{host_name}}`	String (body)	Host's full name	James
`{{event_name}}`	String (body)	Name of the event	Corporate Gala

Header: None (cancellation — no event photo)

Template 5: host_refund_completed

Utility

Active

Parameter	Type	Description	Sample Value
`cover_image_url`	Image URL (header)	This event's cover photo. Pass the image uploaded with the event so the host sees the correct listing.	https://cdn.planorahub.com/events/fashion-show/cover.jpg
`{{host_name}}`	String (body)	Host's full name	Lisa
`{{event_name}}`	String (body)	Name of the event	Fashion Show
`{{amount}}`	String (body)	Refund amount with currency	₦10,000
`{{refund_reference}}`	String (body)	Unique refund reference ID	REF-789012

Send header as: `components[header].parameters[0].image.link = cover_image_url`

Template 6: event_invite

Marketing

Active

Parameter	Type	Description	Sample Value
`cover_image_url`	Image URL (header)	Same field as email `coverImageUrl`. Use this event's cover so each invite shows that event, not a static Meta sample.	https://cdn.planorahub.com/events/charity-gala/cover.jpg
`{{event_title}}`	String (body)	Title of the event	Annual Charity Gala
`{{host_name}}`	String (body)	Host's full name	Planora-Hub
`{{event_date}}`	String (body)	Event date and time	March 15, 2026 at 7:00 PM
`{{event_venue}}`	String (body)	Event venue/location	Eko Convention Center, Lagos

Send header as: `components[header].parameters[0].image.link = cover_image_url`

Template 7: event_rsvp

Marketing

Active

Parameter	Type	Description	Sample Value
`cover_image_url`	Image URL (header)	Same field as email `coverImageUrl`. Live event cover for this RSVP.	https://cdn.planorahub.com/events/nye-party/cover.jpg
`{{event_title}}`	String (body)	Title of the event	New Year's Eve Party
`{{host_name}}`	String (body)	Host's full name	Sarah & David
`{{event_date}}`	String (body)	Event date and time	Dec 31, 2026 at 9:00 PM
`{{event_venue}}`	String (body)	Event venue/location	The Island Club, Victoria Island
`{{event_description}}`	String (body)	Event description text	An evening of music, food, and fireworks.
`{{deadline}}`	String (body)	RSVP deadline date	Dec 28, 2026
`{{map_url}}`	URL (button)	Google Maps (or equivalent) link for this venue. Button: View Map	https://maps.google.com/?q=The+Island+Club+Victoria+Island
`{{rsvp_url}}`	URL (button)	Deep link / web RSVP URL for this event. Button: RSVP	https://planorahub.com/rsvp/sample

Send header as: `components[header].parameters[0].image.link = cover_image_url`

Template 8: ticket_assignment

Utility

Active

Parameter	Type	Description	Sample Value
`image_url`	Image URL (header)	Same field as email `imageUrl`. This event's cover so the ticket header matches the booking.	https://cdn.planorahub.com/events/comedy-night/cover.jpg
`{{user_name}}`	String (body)	User's full name	Alex
`{{event_title}}`	String (body)	Title of the event	Comedy Night
`{{date_and_time}}`	String (body)	Event date and time	Jan 20, 2026 at 8:00 PM
`{{venue}}`	String (body)	Event venue/location	Terra Kulture, Victoria Island
`{{host_name}}`	String (body)	Host's full name	Comedian AY
`{{booking_id}}`	String (body)	Unique booking ID	BK-2026-001
`{{ticket_type}}`	String (body)	Ticket type name	VIP
`{{seat_label}}`	String (body)	Seat/table number	Table 5
`{{map_url}}`	URL (button)	Directions link for this venue. Same as email `mapurl`. Button: Directions	https://maps.google.com/?q=Terra+Kulture+Victoria+Island

Send header as: `components[header].parameters[0].image.link = image_url`

Template 9: ticket_type_assignment Utility Active

Parameter	Type	Description	Sample Value
`image_url`	Image URL (header)	Same field as email `imageUrl`. This event's cover so the ticket header matches the booking.	https://cdn.planorahub.com/events/comedy-night/cover.jpg
`{{user_name}}`	String (body)	User's full name	Alex
`{{event_title}}`	String (body)	Title of the event	Comedy Night
`{{date_and_time}}`	String (body)	Event date and time	Jan 20, 2026 at 8:00 PM
`{{venue}}`	String (body)	Event venue/location	Terra Kulture, Victoria Island
`{{host_name}}`	String (body)	Host's full name	Comedian AY
`{{booking_id}}`	String (body)	Unique booking ID	BK-2026-001
`{{ticket_type}}`	String (body)	Ticket type name	Standard
`{{map_url}}`	URL (button)	Directions link for this venue. Same as email `mapurl`. Button: Directions	https://maps.google.com/?q=Terra+Kulture+Victoria+Island

Send header as: `components[header].parameters[0].image.link = image_url`

Template 10: ticket_booking_confirmation Utility Active

Parameter	Type	Description	Sample Value
`image_url`	Image URL (header)	Same field as email `ImageUrl`. This event's cover so the confirmation header matches the booking.	https://cdn.planorahub.com/events/comedy-night/cover.jpg
`{{user_name}}`	String (body)	User's full name	Alex
`{{event_title}}`	String (body)	Title of the event	Comedy Night
`{{date_and_time}}`	String (body)	Event date and time	Jan 20, 2026 at 8:00 PM
`{{venue}}`	String (body)	Event venue/location	Terra Kulture, Victoria Island
`{{host_name}}`	String (body)	Host's full name	Comedian AY
`{{booking_id}}`	String (body)	Unique booking ID	BK-2026-001
`{{ticket_type}}`	String (body)	Ticket type with quantity	VIP × 2
`{{total_paid}}`	String (body)	Total amount paid	₦25,000
`{{map_url}}`	URL (button)	Directions link for this venue. Same as email `mapUrl`. Button: Directions	https://maps.google.com/?q=Terra+Kulture+Victoria+Island

Send header as: `components[header].parameters[0].image.link = image_url`

Template 11: guest_event_cancelled_by_host

Utility **Active**

Parameter	Type	Description	Sample Value
{{guest_name}}	String (body)	Guest's full name	Sarah
{{event_name}}	String (body)	Name of the event	Music Concert
{{host_name}}	String (body)	Host's full name	David
{{reason}}	String (body)	Cancellation reason	Venue unavailable

Header: None (cancellation — no event photo)

Template 12: guest_event_cancelled_refund

Utility **Active**

Parameter	Type	Description	Sample Value
{{guest_name}}	String (body)	Guest's full name	Sarah
{{event_name}}	String (body)	Name of the event	Music Concert
{{refund_amount}}	String (body)	Refund amount with currency	₦5,000
{{refund_reference}}	String (body)	Unique refund reference ID	REF-123456

Header: None (cancellation — no event photo)

Template 13: verify_email_otp

Authentication **Active**

Parameter	Type	Description	Sample Value
`{{code}}`	String (body + copy button)	One-time verification code. Same as email `code`. Expires in 5 minutes.	482915

Header: None (Authentication templates cannot use an image)

Template 14: reset_password_otp

Authentication **Active**

Parameter	Type	Description	Sample Value
`{{user_name}}`	String (body)	User's name. Same as email `userName`. Drop this if Meta Authentication only allows the code.	Alex
`{{code}}`	String (body + copy button)	One-time password reset code. Same as email `code`. Expires in 5 minutes.	482915

Header: None (Authentication templates cannot use an image)

Summary Table

#	Template Name	Category	Status	Body Variables	Header (pass at send time)	Buttons
1	admin_cancel_host_refund	Utility	Active	4	None	None
2	guest_event_cancelled_admin	Utility	Active	4	None	None
